Maintain and replenish lunchtime equipment and provide training to playleaders on how to use effectively	PE Coordinator	<ul style="list-style-type: none"> ✓ Children will be actively involved in lunchtime activities led by playleaders 	

Review

Firs Farm pupils have had a successful sporting year with continued success of the use of Sports Premium funding to subsidise our clubs offered. This has increased the opportunities for all children to engage in after school and lunchtime sports. Our pupils have had the opportunity to participate in inter-school competitions and leagues in football, gymnastics, netball and athletics (focused on G & T pupils). Firs Farm achieved 1st and second place at the Enfield Borough Gymnastics festival in Key Stage 1 and 2. The school football team were successful in many of their games and achieved second place in the school football league.

Equipment was replenished and replaced to ensure safe and good practise when delivering the curriculum. A professional athlete visited the school inspiring and motivating our pupils to participate in a variety of warm up activities. He performed his sport and received questions.

Lunchtime activities have been facilitated by lunchtime supervisors who have all been trained to ensure children are healthy and active during their break. Structured lunchtimes enable all pupils to be engaged and involved in a variety of sporting activities. The Change4Life activities continue to run at lunchtimes with a sports coach for targeted pupils encouraging pupils to be active and building their self-esteem and team skills. Pupils also volunteered to take on the role of Playground Rangers and supported with the lunchtime games, encouraging all to be active.
