

Computing

In Year 2 we have been using the Purple Mash programme to send and receive e-mails. We have spoken in depth about online safety and the importance about not opening an email, text or request from strangers. Firstly because we don't know who they are and secondly, they may be sending us a virus! We have linked our Computing unit to Geography and, through 2email, are helping Sammy the Snail find her best friend Wilma the Whale. We are opening attachments, listening to voice clips and some of us have even recorded our own. It has been really fun to communicate in this way and improve our typing and communication skills.

ZIP IT
Keep your personal stuff private and think about what you say and do online.

BLOCK IT
Block people who send nasty messages and don't open unknown links and attachments.

FLAG IT
Flag up with someone you trust if anything makes you or if someone asks to meet you off-line.
