

**This half-term, Year 5 are learning the vocabulary of clothes, including their school uniform.**

**We have started memorising specific words and have added adjectives of colours. They have been encouraged to use Quizlet at home to revise that vocabulary.**

**We also used real clothes from the MFL cupboard to have some fun describing (and even trying) some of them. Our French pen pals in Saint Gratien are doing a similar project and we will send each other pieces of work, photos and videos comparing school and week end clothes.**
