

And now, the end is near and so we face the final curtain
Dear friend, we'll say it clear, we'll state our case, of which we're certain
We planned each charted course, each careful step along the byway
And so we all can sing – "I did it my way"

(Apologies to Frank Sinatra)

Here are some 3H highlights for the year:

Balancing in Gym

Making frames of 3D shapes using straws.

Telling the time in analogue form

Making healthy sandwiches

Reading French books in Book Week

We are still working hard in 3H as we learned some Michael Rosen poems and enjoyed his visit to the school. Now we are getting ready for our trip to Forty Hall and looking forward to preparing for Year 4. We will have a class party on Thursday 19th – helpers welcome. There will be a form to sign up for food and drink contributions

It has been my pleasure to teach 3H this year and I look forward to seeing their continuing progress in the school.
