

What is Rotary?

- ♦ ROTARY is a service organisation of business and professional men and women, united world-wide, who help those in need, encourage high ethical standards in all vocations and work towards world understanding and peace.
- ♦ ROTARIANS meet weekly to enjoy each other's fellowship and to discuss ways to serve others.
- ♦ ROTARY runs the largest non-government scholarship scheme in the world.
- ♦ ROTARY is at the forefront in the drive to rid the world of poverty, hunger and disease. In partnership with the World Health Organisation Rotarians around the world are funding National Immunisation Days in the areas of the world still plagued by Polio.
- ♦ ROTARY FOUNDATION is the world's largest private charity, after the Gates

ROTARY:
MAKING A
DIFFERENCE

PolioPlus

Rotary International

Martin Heraud was born in Enfield in 1938 the only son of well known local Businessman, Maurice Heraud and his wife Connie.

Martin's formative years were spent locally, attending a preparatory school in Southgate and subsequently a boarding school in Woodford. He completed his education at Ardingly College in Sussex, leaving at the age of 17 years.

With a view to entering the long established family business, he completed a business studies course involving work experience at not only a number of well known West End stores, but also locally at Pearson's of Enfield.

Following a period of National Service completed largely in Cyprus, Martin joined the family business in Edmonton which had been established by his Grandfather in 1899, ultimately rising to the position of Managing Director.

During this period, he succeeded to the Chairmanship of the Edmonton Chamber of Commerce and was the final holder of this office, as the following year the local boroughs merged into the London Borough of Enfield.

Martin was a member of Edmonton Round Table until the age of 40 and then joined Edmonton Rotary Club where he was inducted as a member by his father Maurice who was then the Club President.

His Rotary involvement continued in the Rotary Club of Bush Hill Park, to which he had transferred, until his untimely death in 1984 at the age of 46.

During his involvement with all these clubs it was always his wish that particular attention should be given to supporting local charities and local needs.

Martin was an accomplished public speaker and a valued member of Bush Hill Park Rotary Club where his incisive mind has been greatly missed.

Internationally

- ◆ **Nkonya Village Project**— a joint venture with the **Rotary Club of Mityana, Uganda.**

Nykonya Village is located some 10km from the town of Mityana and 85km from the capital city of Kampala. This is a village in the grip of poverty and poor health due mainly to malaria, and very poor schooling. We have provided the means for some of

the neediest people in Africa to survive and earn a living by raising pigs, and at the same time encouraged them to improve the health and hygiene for themselves and their families through the

provision of mosquito nets, water storage tanks and washing stations. Schools have been provided with desks and books.

- ◆ **End Polio Now**—A Rotary-led initiative to rid the world of polio. We are almost there! Thanks to the many volunteers work still goes in in Pakistan, and Afghanistan, the only countries where polio still exists.

◆

If you like to make a difference and are interested in knowing more about becoming a Friend or member of the Rotary Club of Bush Hill Park , then please contact :

Ernie Russell on 020 8807 2316

The Rotary Club of Bush Hill Park was founded in 1983, the first evening club in the borough to cater for those who could not attend lunchtime meetings.

Over the years club members have worked tirelessly to support local, national and International projects. The Martin Heraud award is just one such project.

During the past year members have organised a variety of fund-raising events, the proceeds from which are going to several worthy causes:

Locally

- ◆ **Dictionaries for Year Five & Six pupils** at three local Primary Schools
- ◆ **The Nightingale Cancer Care Centre**, to provide caring support to those living with cancer.
- ◆ **KidsOut**—an annual event for Rotary Clubs nationwide, providing an exciting day out for under-privileged and Special children in Enfield.
- ◆ **Alzheimer's**—to provide support for families in Enfield coping with dementia

Nationally

- ◆ **Bowel Cancer**- we are raising funds for research into finding a cure and raise awareness
- ◆ **British Heart Foundation**—We Not only raise funds for the foundation but have a hands on approach by Running training sessions in C.R.P. and the use of a Defibrillator.
- ◆ **Macmillan Nurses**-we are raising funds to help

MARTIN HERAUD MEMORIAL PRIZE

To be awarded annually by the Rotary Club of Bush Hill Park to two pupils, one boy and one girl, who have achieved the greatest progress during the course of the school year.

The prize to be to a cash award, which goes to the school the value of which will be reviewed annually. The school is required to purchase two books to go into the school library, with the names of the pupils inside so that their name live on within the School The children each receive a certificate to put into their C.V.

The awards will be made to Five Schools within the London Borough of Enfield.

At present the Schools are

Bush Hill Park
Churchfields
Firs Farm
Houndsfield

The scheme is to be run in liaison with the Vocational Committee of the Rotary Club of Bush Hill Park.

The prizes, accompanied by certificates, should be presented at a School Assembly or Presentation event.

It is felt that there are youngsters, who need to be recognised for their efforts, and who are not necessarily those achieving high academic standards. The awards could be made, for example, to a pupil who has overcome some personal adversity, or to one who experiences learning difficulties and has made great efforts to improve.

Selection will be made from pupils nominated by Form Tutors and Senior Staff in the first instance, and then with the Head teacher who will liaise with the Rotary Club of Bush Hill Park. to make the final choice.

The awards where made initially over four years. They are now reviewed annually by the Rotary Club of Bush Hill Park and the designated schools .

Leo Walusimbi

Leo joined Bush Hill Park when he was in Year 2. He was born with Cerebral Palsy and this has meant he has had to face challenges during his time at Bush Hill Park. However, Leo has never stopped persevering and making enormous progress both physically and in his education. Leo is always cheerful, friendly and helps others. He is a joy to teach and know. During the recent Year 6 School Journey he made sure he attempted every activity and thoroughly enjoyed them (especially the canoeing). Leo has been supported by his parents and his learning support assistant from Bush Hill Park. We will miss Leo enormously but know he will go on to great things!

Ahmet Teran

Ahmet has been at Bush Hill Park since Nursery. He has faced many physical challenges during his time and has undergone numerous surgical procedures. Ahmet has always remained a very hard-working and positive boy who has a wide circle of friends and is very popular. Ahmet has never let his disability get in the way of his enjoyment of school or his participation in school life. He works hard and has made excellent progress in subjects. Ahmet's mum has always supported him in school and at home. Ahmet has been well supported by Bush Hill Park and his learning support assistant. We will miss Ahmet (and his brother) but he leaves us ready to face the challenges of secondary school where

Message from the President

Martin Heraud Award

This to me is one of the reasons I enjoy being a Rotarian! It is so that we can recognise the achievements of our young people, whereas the media only look for the worst. Please enjoy the presentation and look to the future remembering that if you put your mind to it you CAN achieve your dream.

**Ben Grant
President**

RotaKids is an exciting way for those 12 and under to lead and engage in important, lively activities that will make a positive difference in their school, in their local community and globally. At the same time RotaKids develop the ability and confidence to take up their place in society as responsible, successful, effective

citizens both now and in the future

It is sponsored by a local Rotary Club in or near the town in which the school or group is located. It is chartered

As citizenship is part of the school curriculum this is an opportunity for Rotary to support and expand the work already happening in school. The decisions made always involve the RotaKids. Jobs for fundraising or service projects can be divided up between the class in lesson times. This develops team work.

Rotary mentors could explain a Rotary project eg Recycling project, Rotary ShoeBoxes, Primary School Quiz, or any other idea. Then work with the RotaKids to deliver the project, helping with the background information and any logistical issues.

RotaKids take the following Pledge to demonstrate their commitment to being good citizens **As a RotaKid, I endeavour to be fair to all ,to serve my community ,and to show respect for others./**

RotaKids will come up with ideas like:

1. fundraising money for charity,
2. leading on school and local community improvement projects
3. improving the environment,
4. helping the elderly
5. helping children in another country. **The sky is the limit.**

Houndsfield
Primary School

**Laura and Eryk
Kasperwicz.**

Laura

Although she is part of a pair, Laura is really one-of-a-kind. She joined Houndsfield in year 2 and has created many meaningful friendships ever since. She is known for her caring and supportive side and is the first to be there should anyone need her. This year, Laura has made outstanding progress in all areas of the curriculum despite the fact that her twin brother has had to have a long time off school. Laura has not let her brother's absence affect her focus and determination to be successful in year 6- if anything it's made her more fixed to prosper! We are all very proud of Laura and her achievements.

Eryk

Eryk is a very special and well-loved member of Seuss class and year 6. He is extremely popular and has many close friends which he has made over his time at Houndsfield. The first thing you will notice about Eryk is that he always has a huge smile on his face- definitely the best way to be greeted in the morning! He is strong and resilient and keeps going even when he feels tired. Although Eryk has been absent for long periods of time, when he has been in school, he has shown 100% engagement with his learning and always tries his best. In addition, Eryk has also applied himself to keep up with the class at home by reading our core texts and working with his twin sister Laura. Eryk has really shown us all to be happy and

Churchfield **Tahlia Stimson**

Primary School

If you need a job to be done, you ask Tahlia. If you need someone to pay you a genuine compliment you ask Tahlia. If you need someone to organise something, you

ask Tahlia. But it hasn't always been like that...

The reason we have awarded this to Tahlia is because it has been a real pleasure to see her grow in maturity throughout the year. No matter what life has thrown at her, she has come into school, rolled her sleeves up and shown real grit and determination. The way she has approached her studies this year has been quite staggering to behold; asking for additional homework, testing herself, using revision books and persevering to learn things that she has found tricky.

Tahlia has taken her responsibilities as head of house and member of Year 6 very seriously; she strives to be a good role model to others, whether her peers, her siblings or younger children in school. She is a lovely, caring big sister and also a wonderful reading buddy.

Tahlia, we believe you will continue to excel; you are not afraid to stand up for yourself and others, you know that kindness is a strength and you know to make your own choices, rather than be led by others.

Jada Savill-Chase

The improvements that Jada has made throughout her time at Churchfield have been truly mind-blowing. If Jada was having a hard time dealing with her feelings you had to run for cover because her melt-downs were pretty spectacular. But these are a distant memory as now she deals with negatives in a far more considered and mature way and has shown far more self-awareness.

It has been a pleasure to see Jada develop some really strong and happy friendships and to see her having fun with her friends out in the playground. She cares about other children's feelings and is protective if she feels that someone has been wronged.

Jada has made remarkable improvements in her attitude towards learning. She is beginning to develop a growth mindset: she understands that it is OK to get things wrong and she is now more likely to persevere if something is tricky.

I am sure that in a few years I will be visiting an art gallery to view an exhibition of Jada's art work; her eye for detail is excellent and her use of

Firs Farm
Primary
School

Sarah-Jayne Cachero

Sarah is a lovely, very responsible girl, who enjoys school and always tries her hardest in all subjects. She has had a few

difficult years, culminating with the academically and personally very challenging year 6. However, she has always kept her head up and got on with her work, despite any difficulties. Sarah is an example to the people around her and most worthy of receiving the Martin Heraud award, as a child who doesn't give up and keeps smiling bravely in the face of adversity. Well done, Sarah! We are all very proud of you!

Aryan Tehmasebi

Aryan is a lovely child who has always tried his best at everything he does. He has shown huge progress not only in his behaviour but also academically. He has had very tough few year but he managed to keep

This is one of the rules Rotarians try to live their lives by, Of the things we think, say or do:

The Four-way Test

Is it the TRUTH?

Is it FAIR to all concerned?

Will it build GOODWILL and BETTER FRIENDSHIPS?

Will it be BENEFICIAL to all
