

Year 2 Summer Term

What fun we have had this term in Year 2. Firstly, we would like to say a huge thank you to everyone that helped and supported the year group with SATS. The children outperformed themselves and we are all very proud, as we're sure you are too!

It has been jam packed since then with 2 trips (to the Church and the Royal Gunpowder Mills, French Day, Tin Whistle concert and becoming fully fledged authors to name but a few things!

The trips were a real success with all of Year 2 following the Rights Respecting Values and acting as great ambassadors for the school. They were well behaved and polite even when spending the majority of the day outside in red hot temperatures. Year 2 also showed the British Values of respect and tolerance when listening to Father Simon talk about Baptism,

After months of lessons and practice, the children were able to perform their tin whistle songs in a special concert and even had the opportunity to perform the infamous 'This is me' to an audience of very proud parents and carers. The children can now continue to practice their tin whistling at home....have fun!

French day was a great opportunity for the children to be introduced to the language they will be learning in KS2. They played French games such as Boule, learnt how to count to 6 and read some French colours, discussed and drew French landmarks and (most importantly) tried the French delicacy of crepes ~ which they had to request in French too! Thank you to everyone for your donations and dressing the children up in French colours.

Finally, the children spent 3 weeks writing, editing and improving their own story in the theme of Alan Ahlberg's Happy Family series. All the children worked incredibly hard on this and the end product is simply fantastic! We will now keep these in the children's files which follow them up to year 6 so they can look back on what they have done with pride.

For more information and pictures of what we have been getting up to, please visit the blogs on our school website!

Thank you for all of your support this year, we wish you and your family a great summer holiday and good luck to all of the children in Year 3!
