

In the week beginning Monday 15<sup>th</sup> October, 2SW enjoyed handling different coins and recapping their values. We discussed how we could record monetary amounts using the symbols £ and p. Then we worked with a partner to pick two or three coins and calculate the total together. We recorded number sentences to demonstrate our working and used dienes to support us when adding larger numbers. We then moved on to working out different ways of making 10p, 20p and £1. We are keen to help our adults with their money when out shopping!
